2024 Final Exam

- Coverage:
 - Major chapters taught in this course as covered by the lecture slides.
 - **15** Multiple-Choice (MC) questions (30%, 2 points each)
 - **SIX** long questions (70%) (More details on the next slide).
- Each student gets a copy of exam papers and one answer book;
- No essay questions (i.e., only calculation-based analysis for long questions).
- Rounding numbers to one decimal place (my suggestion. I am flexible on this).
- It is a closed-book exam. All answers should be in English.
- Students are allowed to use pencil.
- **Please bring the calculator with you!!!**

2024 Final Exam (Coverage)

- Coverage:

- All chapters covered by the lecture notes

- SIX long questions

1. TWO questions for short-term decisions (i.e. Chapter 13) (e.g., relevant cost analysis; sell or process further; special order; make or buy (outsourcing); constrained resources and others)
2. ONE for Chapter 11 (transfer pricing);
3. ONE for Chapter 7 (Activity-based costing (ABC));
4. ONE for Either Chapter 2 OR Chapter 4 (i.e., Job-order costing or Process-costing)
5. ONE for Chapter 10 (Standard costs and variances)

- The only ACCA-F5 knowledge (i.e., Dealing with uncertainty): MC questions only.

2024 Final Exam

○ For students taking the exam in the classroom:

- Write down the answers to Multiple-Choice questions on a separate page of the exam paper (one separate page is designated for the answers to MC questions).
- One answer book is provided for you to write down the answers to long questions.
- Please turn in the copy of exam papers (with the answers to MC questions) and the answer book.
